704 2.5cm Ruche

Reference: 704/02

Swirly and voluptuous, Ruche looks wonderful when used on the leading edge of a curtain – particularly when sewn between the face fabric and lining so that only the decorative loops are exposed - or onset onto the edge. It can be sewn onto cushions either as a single trimming or can be doubled up to create an attractive edge. Tip: Can be used in conjunction with a wide or narrow braid to create a more impactful design feature
