

Backgammon

Reference: 3013F/02

Backgammon is a highly decorative Bargello fabric which takes its inspiration from a historic 15th century design. Enduringly popular as a design, this flame stitch fabric has been reimagined for modern interiors with a diverse choice of five striking colourways from a calming neutral, to a flamboyant 70s-style psychedelic palette of vibrant pinks, greens, purples and yellows. Featuring a bold scale and a rich texture, Backgammon works beautifully either as a central design motif or as an accent within an interior scheme.
